

On This Side Of The Sun

By Mrs. G

Today, being Friday, the 13th, I am taking over for Phat. He says it is too difficult to manipulate the typewriter with his fingers crossed. So I asked him, why not write the column on Thursday, the 12th? The answer was: "Honey, come next month and I'll have been in Palm Springs three years, I have learned you should never do today what can just as well be done tomorrow."

DOMESTIC SCENE — So I said, O.K., you wash the breakfast dishes while I go to church and I'll write your column. What happened? It was a bad deal for me. Not only am I writing this, but I had to mop the kitchen floor when I got home. He washes the dishes like he takes a shower. I maintain 11 ash trays in my home. After Phat has been there 45 minutes, each has something in it. And, also the immediate vicinity of each. That's not counting cups and saucers. . . . It's worse when the cigaret situation tightens. Then he smokes a pipe. . . . Phat holds the smoking broad scattering record in two divisions—water and ashes.

THE VILLAGE—Palm Springs is apparently a great place. In 28 years of married life it is the only place I have heard of where no one has any kin in the kennels. . . . Everyone is "a great guy" according to Phat. That includes the opposite sex, too. . . . It's easy to understand why a lot of Villagers are swell, but there are some like Ken DuBose, Tom Holland, Gordon Feekings, to mention a few, who must be gently nipped by their own—neither don't sell cigarets. . . . Among odd signs of Village doors is the one on Al Taylor's photo shop—"Open Once in a While"

MUSIC—Reading all of these comments in This Side of the Sun about Leo Roja, Bill Provost, Hank Jahan and other Village night spot musicians, makes me wonder. I always thought Phat got that beautiful fan by staying out in the sun. . . . He certainly moon about that "Sentimental Journey" item. I'm getting sick of it. Every time it comes on the air, he just about drools. . . . Why he likes it, I don't know. He's no rolling stone. In fact, there are times when I think inertia has got him. . . . And I've had "Who" for a quarter of a century. . . . Of course, I'm boosting the numbers written by the musician son. They will probably never make the Hit Parade. They jump too much to stay put.

BIGGEST BORE — While taking Phat apart and being on the subject of sons and heirs — to what—want to say that starting 24 years ago when the first boy arrived, the present editor of The Desert Sun has been the world's greatest bore when it comes to bragging about his children. I recall once, when the first boy was about six months old, Phat had him in a car while I went shopping. A woman came up and made some complimentary remarks. Instead of murmuring a polite "thank you," Phat says: "You bet! Isn't he a dandy!" He's still that way about the boys.

THE HORSES — Remember two weeks ago when the old man gave birth to a brainstorm about betting seven dollars on the seventh horse in the seventh race on the seventh day of the seventh month? He added that he wasn't to be blamed if the horse finished seventh. Well, that's exactly where No. 7 finished in the seventh race on July 7. Seventh. They don't pay off for that. . . . Go ahead and sue him if you were foolish enough to heed his tip. . . . Speaking of 7s—today may be the jinx day but last Wednesday was 7-11. That's supposed to be lucky. Why didn't I think of that and have him write his column that day?

THE WEATHER — After eliminating all of the adjectives cluttering up weather reports from the other half of the household, I come to the conclusion that it has been hot in Palm Springs. Also, that it rained there the first part of the week. Phat says rain in Los Angeles is O.K., but that the desert isn't equipped to handle it. . . . From all reports August is going to be a quiet month here. Many places are going to close for repairs and alterations—and to accumulate a few points. . . . That means that Phat will probably have to get his own meals. . . . What a mess!

THIS AND THAT — Chief of Police August Kettmann was shy one watermelon this week. He bought one too large for his own refrigerator, so placed it in the large cooler at Lloyd Zinn's service station Monday. He forgot that Zinn closed Tuesdays. When he went for the melon Wednesday, a group of satisfied looking boys expressed regret. They hadn't known that it was a police melon. . . . Sixty per cent of the women in the southland expect to keep on working after the war, a survey reveals. Average age of those planning to keep on working is 36. Those planning to quit average 32. The younger ones probably figure they have more chance of getting someone to work for them.

SO LONG—Well, there's the bottom of the page. Will see you the next time there is a Friday, the 13th.

Three Dead in Hospital Bus Accident

Fire Takes Heavy Toll At Home Here

Blaze Balks Plan Of Service Man To Move Residence

Fate played a mean trick on Sgt. John Horne of the Army Air Base, 5th OTU, here yesterday when flames destroyed practically all of his possessions shortly after noon just before he was going to move to a new location. Sgt. Horne and family had all of their goods packed in boxes preparatory to moving, when a can of volatile cleaning fluid, stored in the bathroom of his residence at 174 North Indian avenue, suddenly ignited. In an instant, the house was a mass of flame.

Although situated on the reservation, the house was near a fire plug on the west side of Indian avenue and Fire Chief Bill Leonosio and his crew soon had two lines on the fire.

Damage in the blaze was estimated at \$4,500.

A pilot light in a water heater in the bathroom is believed to have set the gasoline afire.

A half hour after the department left the scene, another call came in as the fire broke out again in the attic. This was quickly subdued when the department sent the small truck to the scene.

Sgt. Horne was burned slightly by the blast. His injuries are not serious.

Girls Sign Up For Competition On Diamond

A score of colored girls of the Village have indicated their intention of entering baseball competition at the Field Club under a summer program sponsored by the Palm Springs Lions club, with Frank Partridge, chairman of the committee on Youth Activity in charge.

The girls will meet tonight for their first contest. Aiding Partridge are Bill Veith and Johnny DeVine, members of his committee, and Chief of Police August G. Kettmann.

Girls who have signed up for the softball games with Viola Wilson as manager, are Bessie M. Person, Mabel L. Matthews, Donethia Thomas, Alice N. Alexander, Cecile Gauff, Marcelina Harris, Augustine Crossley, Barbara Crossley, Ramona Woods, Corinne Crossley, Helen Lewis, Ethel Foster, Viola Wilson, Melie Jefferson, Sarah Holt, Mary Helen Gray, Mary Alice Walker, Sallie Mae Patrick and Merlean Harvey.

Victim Of Shooting Recent Visitor Here

Dave Caplan, 46, publisher of "Post and Paddock," a racing information sheet, who died Tuesday as a result of gunshot wounds inflicted Monday, had just returned to Los Angeles from Palm Springs when shot. He was a visitor here last week.

According to police, Caplan's assailant came to his office and started shooting because a race tip "went wrong."

Safety Class Is Started At City Pool

Business at the municipal swimming pool continued brisk last week despite the holiday which took many Villagers out of town. Chief of Police August G. Kettmann, supervising operations at the pool, reported 145 paid admissions last week. Of this number, slightly more than 100 were youngsters.

Mrs. Lynn Febich, life guard at the pool, has started a course in water safety at the pool and has enrolled many juveniles in the classes which are given at 3 p. m. each day.

Many youngsters are availing themselves of the opportunity to learn how to conduct themselves in the water safely.

James G. Shea, Former Villager, Seriously Hurt

James G. Shea, former traveling passenger agent for the Southern Pacific here, and a well known Villager, is in a hospital at Fort Leonard Wood, Missouri, as result of an army training accident, according to word to Francis F. Crocker this week. Negotiating the obstacle course at the Missouri base, the Villager was hit by the man following him after completing a 15-foot jump and suffered serious abdominal injuries. He will be in a hospital for two months.

Shea had been expected to be transferred to a Wyoming transportation base on completion of his training at Fort Leonard Wood. His accident will delay his transfer until fall.

In his letter to Mr. Crocker, Mr. Shea, a member of the Palm Springs Chamber of Commerce directorate, expressed his gratification over the success of the Mt. San Jacinto aerial tramway bill, for which he had done much work.

Two Pilots Die In Air Crash North of City

Two navy pilots were killed early Monday when their planes, two of a formation of three, collided in mid-air and crashed, carrying the men to their death. The third plane escaped.

The navy, at Long Beach, Wednesday listed the two victims as Lt. (jg) Walter L. Shoemaker, Jr., 21, of Delta, Colo., survived by a wife, Mary Katherine Shoemaker, 21, and Ensign Donald W. Brink, 20, of Kalamazoo, Mich., survived by his wife, 18. The formation was on routine flight from the Los Alamitos naval station.

Coroner Ben White investigated and based his findings on reports from the navy.

The crash occurred about ten miles north of Palm Springs and three miles east of Whitewater. Bodies of the two victims were removed to Wiefels and Sons mortuary in Banning.

No inquest will be held in either crash, Coroner White said.

Tenth Of Inch Of Rain Here In 'Unusual' Storm

Scattered showers which marked Southern California's "unusual" July weather started off the 1945-46 rainfall season here with a record of .10 of an inch.

The rainfall, which followed a little torrid weather, was accompanied by lightning and thunder.

The fall was experienced in most of the southland, and in some places was recorded as the first rainfall ever registered in July.

Air Base Women Meet To Form New Organization

Fifty women, wives of officers and enlisted men at the 5th Operational Training Unit at the local army air base, met at a tea last week at the post library to stimulate interest in the National Association of Army Air Force Women, and to organize an Enlisted Men's Wives club.

The latter group will meet at the post chapel to elect officers and fix policies and time for meetings.

All present at the tea expressed their wish to join the NAAAFW which is composed of wives, mothers and sisters of all army air force personnel.

Al Pearce Show Has Air Base In Aisles

Al Pearce and his gang of fun-makers played to standing room only for personnel of the 5th Operational Training Unit at the Outside Inn on July 10. The show had the crowd roaring from beginning until final bows were taken. Arlene Harris, the Chatbox of radio fame, had the audience in stitches with her repartee. Another feature of the program was a marionette show.

Traffic Law Revision Under Study

Chief Kettmann Starts Survey Of Conditions Here

A general revision of parking and traffic laws in Palm Springs is in the making depending on results of a traffic survey being conducted this week by Chief of Police August G. Kettmann.

Chief Kettmann is studying curb markings, parking zones and the traffic situation in general in the Village. Some of the curb zones are not in accord with the present traffic ordinance and others are not in accord with conditions, the chief said.

A difficult situation in regard to loading zones exists in the Village due to the lack of alleys for deliveries. All of these factors will be included in the report the chief will make to City Manager Ray Sorum.

Possible changes in the city's traffic ordinance will be recommended by the city manager on the basis of the police survey.

Field Club Deed Accepted By City

Purchase of the first one-third of the Field Club property was authorized by city council Wednesday when City Attorney Roy Colegate was instructed to draw a resolution accepting the deed to the property.

The deed is now in escrow at the county court house and Wednesday's action completes the first step in the acquisition of the property.

Villager Held In Battery Case

Samuel Bennett, 40, was at liberty under \$1,000 bail today awaiting hearing on an assault and battery charge filed by his sister-in-law, Velma Bennett.

Mrs. Bennett charged that the defendant hit her when she objected to his noisy behavior. The alleged assault was committed on July 7.

Both are residents of the Crossley camp. Officer Stephen Smith served the warrant Wednesday evening.

Before Judge Guy Pinney in city court yesterday morning, Bennett pleaded guilty and was fined \$25, which he paid. A jail sentence was suspended for one year on probation.

Chief Called North By Father's Illness

Chief of Police August G. Kettmann left Wednesday for San Jose on receipt of word that his father, August J. Kettmann, 75, of San Jose, was seriously ill. The chief expects to return to the Village this weekend.

Assemblyman Boyd Says—

Plenty of Hard Work Ahead Before Tourists Will Ride Aerial Tram

Assemblyman Philip L. Boyd returned last weekend from a hurried business trip east and left Tuesday to join his family at Idyllwild for the summer months. He plans to be in the Village each week and at the county seat part of the time. Mr. Boyd left for the east soon after the legislative session ended at Sacramento.

He received word of the success of the Mt. San Jacinto Winter Park Authority bill while in Indianapolis.

MUCH TO BE DONE

Mr. Boyd introduced the measure which was signed by the governor two weeks ago. He also introduced the Riverside County Flood Control act, which was signed Monday of this week. Mr. Boyd also authored several other bills, mostly of a technical nature, to aid agriculturists of the county.

The assemblyman said that Gov. Earl Warren's signature on the tramway measure, the climax

San Jacinto Ride Late This Month to Take in Area Reached By Tram

"Victory Celebration" of the Mount San Jacinto Winter Park Authority bill is planned July 28 and 29 by the Riverside County Chamber of Commerce in cooperation with the federal forestry service. A horseback ride to the summit of Mt. San Jacinto will mark the event.

PROMOTED—It is now Colonel Robert J. Goewey. The commanding officer at the 5th OTU army air base here, was promoted this week. — Official Army Photo.

Commander At Local Base Now Colonel

Robert J. Goewey, commanding officer of the 5th Operational Training Unit, Ferrying Division of the ATC, Army Air Base here, has been promoted to the rank of colonel, according to an official announcement from the War Department, Washington, D. C., just received.

Colonel Goewey took command of the military installation here on January 19, 1945, when it was known as the 21st Ferrying Group, coming here directly from the 3rd Operational Training Unit, Reno, Nevada. Since he assumed command here, the activities of the 5th OTU have been considerably expanded. The main function of this installation is the training of pilots to fly the C-47 aeroplane used so extensively by the Air Transport Command.

Previous to his assignment here the officer also served as Group Operations officer at Morrison Field, Fla.; assistant Chief of Staff Operations, of the Caribbean wing from May 5, 1943, to September, 1943, when he assumed duties as assistant Chief of Staff, Operations, in the North African Division, later becoming Chief of Staff, remaining in this duty until August, 1944. He entered upon active service with the ATC from the reserve corps in March, 1942.

Originally planned only to acquaint more persons with the highlands of the San Jacinto mountain range, the trip now is being made as a "victory celebration" for the San Jacinto aerial tramway. Governor Earl Warren recently signed the measure which will provide for construction of the spectacular ascension from Chino Canyon near Palm Springs to an 8500-foot elevation in Long Valley.

BIDS IN MAIL

Assemblyman Phil Boyd of Palm Springs, author of the adopted tramway bill, plans to make the trip to the peak, and an invitation has been extended to Senator Nelson Dilworth of Hemet, who has worked for the measure for several years, to accompany the group.

Letters containing details of the trip are being mailed this week by the county chamber of commerce to persons believed interested in making the trip, but if others desire to join the group they should communicate with Harry C. Harper, managing secretary, at the county court-house.

Because of the shortage of both saddle and pack horses the group must be limited to 50. It is the hope of those sponsoring the trip that most of the persons making the trip will be those who are going for the first time. Both men and women are being invited to make the ride. Members of the party may ride their own horses or rent them at Idyllwild.

TO START FRIDAY

The ride will start from Idyllwild early Friday morning. The trail passes through Tahquitz valley to Hidden lake and the desert view spot nearby. Thence the group will go to the point in Long valley where the aerial tramway eventually will land passengers from the desert resort. At that point an informal program is planned.

From there the group will ride to nearby Round valley where the night will be spent. Pack horses will have delivered the food and bedding rolls to the site earlier in the day.

On Sunday morning the group will ride to the summit of San Jacinto peak and thence descend by another trail to Idyllwild.

OFFICIALS TO JOIN

William Peterson, supervisor of the San Bernardino National forest of which the San Jacinto range is a part, is assisting in details for the trip and will make the ride unless serious fire conditions prevent. Some of his staff also expect to make the trip.

Similar rides to the 10,805-foot summit of San Jacinto peak have been made in previous years, most of them arranged by the late A. E. Bottel, one of the men largely responsible for creating the great San Jacinto Mountain State park and later custodian of the park.

Thief Raids Car Of W. Z. Allen In Los Angeles

Councilman Walter Z. Allen, in Los Angeles Monday with Postmaster R. M. Gorman to attend the annual Jefferson Day dinner, came home minus a radio which he had stowed on the rear seat of his automobile.

The councilman parked his car in a lot near the banquet site and at the conclusion of the event, returned to find a window jammed open and the car rifled.

The thieves had pried open a window, reached in and unlocked the door and then went through the car thoroughly. All that was stolen, however, was the small radio.

Council To Adopt Tax Measure Aug. 8

Next official meeting of Palm Springs city council will be held August 8 at 3 p. m., it was decided when councilmen met Wednesday afternoon at council chambers.

Introduction of an ordinance setting the tax rate for the 1945-46 fiscal year and planning commission matters will be on the agenda.

22 Injured In Accident Near Colton

Produce Truck Driver Held After Tragedy

Two patients from Torney General hospital were instantly killed, and a nurse, stationed here, fatally injured at 12:40 a. m. Monday, four miles east of Colton on Highway 99 when a hospital bus in which they were riding was side-swiped by a produce truck.

Col. A. B. Jones, commanding officer at Torney, announced those killed as Cpl. Walter Stillwell, 25, nephew of Mrs. Ellen Lyles, Bakersfield, and Pfc. James Beyea, 24, son of Mrs. Josephine Beyea, Burbank.

NURSE SUCCUMBS

First Lt. Nellie G. Williams, daughter of Mrs. Agnew G. Williams, Flint Hill, Va., a nurse, died a few hours after the crash in the San Bernardino Army Air Base hospital, where she was taken after the accident.

Twenty-two other enlisted men and women in the bus were injured, none critically.

Lt. Williams had served as evacuation and general hospital nurse in the Mediterranean and European theaters of operations for two years before coming to Torney. Both of the service men killed in the accident had served in the European theater prior to coming here.

DRIVER HELD

Santos M. Garcia of Banning, driver of the produce truck which side-swiped the Torney bus, was arrested on a manslaughter charge by San Bernardino county officials. Police say he said that the accident happened when he attempted to pass another truck, also going west, and went too far into the southern or eastbound lane.

In Colton township court yesterday, Garcia was formally accused of manslaughter in a complaint filed by San Bernardino county authorities.

The Torney group were returning from a week-end leave in Los Angeles. Army and civilian officers were conducting an exhaustive examination into the cause of the accident.

Where To Eat? Will Be Question

According to announcement by proprietors of several Village eating places, August will be a month devoted to redecoration and alterations in preparation for the new season.

Some spots closed this week, and others are planning to close next month.

Indications were that there will be only a few eating spots open on the drive here in August.

Members of the local Fish and Game association have been extended an invitation to attend a meeting at San Bernardino July 19 when a state fish and game survey will be made.

Palm Springs Calendar

MONDAY, JULY 16—
Civil Air Patrol—Headquarters 8 P.M.

TUESDAY, JULY 17—

FRIDAY, JULY 20—
Community Hospital Executive Board Meeting—Red Cross Office.

Three Villagers At Jefferson Day Banquet In L. A.

Postmaster R. M. Gorham, Councilman Walter Z. Allen and Ray Hiller of Palm Springs were among a throng of more than 1200 southland Democrats who rallied at the Los Angeles Biltmore Monday night for the annual Jefferson Day dinner.

Robert Hannegan, new postmaster general, and Gov. Robert E. Kerr were the principal speakers. There were talks also by leading state Democrats and Hollywood figures.

Gov. Kerr brought a special message from President Truman.

Policeman's Nose Averts Cafe Fire

Smoke from faulty insulation in an ice box at Bill Ude's El Morocco cafe at 3 a.m. Tuesday morning attracted the attention of Policeman Ed Bradley while he was making his rounds.

Bradley quickly forced entrance into the building and disconnected the refrigerator, preventing a possible fire.

Major Jones Now At Washington State Army Base

Major E. W. Jones and Mrs. Jones, former Villagers when the major was attached to the Torney General hospital staff, are now at Port Townsend, Wash. Major Jones is attached to the executive office at Fort Worden, headquarters of the Puget Sound defense area.

"When this emergency is over, we'll be back in Palm Springs," the major wrote. "In fact, we consider it our home town now."

Major Jones was director of supply at Torney while here. He is a member of the Owen B. Coffman post, American Legion.

Dr. Wilbor Opens Offices In Village

Dr. L. M. Wilbor of Cathedral City announced this week that he had opened an office at No. 12, The Plaza and would maintain office hours there from 2 to 5 p. m. each Tuesday and Friday.

Office hours at his Cathedral City office are from 2 to 5 p. m. Mondays and Thursdays.

Bank of America Report Indicates Continued Growth

Bank of America's statement of condition as of June 30, 1945, reflects continued growth during the half year in all departments of operation, and an increase of \$8,100,000 in capital funds, which now total \$227,424,000. Common capital, now totalling \$100,000,000 reflects an increase of \$40,000, representing the stock dividend declared on June 12. This new capital structure permits the bank to raise the ceiling on loans to any one borrower to \$20,300,000, adding substantially to the bank's usefulness to business and industry for postwar operations. The report was released locally by Fred Ingram, manager of the Palm Springs branch, last week.

Total resources were \$4,781,850,000 over a year ago, and \$172,726,000 over December 30, 1944. Deposits totalled \$4,522,553,000, an increase of \$755,110,000 over a year ago and \$172,014,000 since December 30. U. S. War Loan deposits, which are included, were approximately \$360,000,000.

INCREASE SHOWN

Loans and discounts outstanding aggregated \$931,247,000, an increase of \$73,852,000 over a year ago and \$36,811,000 during the half year. Total securities amounted to \$2,973,529,000, or \$649,984,000 more than a year ago and an increase of \$233,465,000 since December 30. This increase was largely in United States Government obligations, which at June 30 totalled \$2,608,100,000.

Earnings for the half year were \$20,509,000. From this total, \$4,977,000 was reserved for depreciation of bank premises and other real estate and amortization of bond premiums, and \$212,000 was set up in reserve and applied to the revaluation of assets and the absorption of losses other than loans. Loan losses are charged to "Reserve for Bad Debts." L. M. Giannini, president, pointed out, to which reserve an annual allocation is made at the year end for losses which may develop in the future. After charges of \$327,000 for loan losses during the current semi-annual period the "Reserve for Bad Debts" stood at \$8,741,000.

DIVIDENDS PAID

After payment of \$6,804,000 in dividends for the semi-annual period at the annual rate of \$1.60 per share of common stock outstanding after the stock dividend declared June 12, and \$2 per share on the preferred stock, and after a profit-sharing bonus of \$400,000 to employees, capital

Recorder's Office Shows Steady Gains

A steady gain in business handled through the office of County Recorder Jack A. Ross was reported for June, according to statistics compiled by O. A. Wheat, deputy.

Fees were \$4366.80 during the month just past, compared with \$3622.25 for June of 1944. Deeds numbered 1320 last month and 1070 during the same month one year ago. Trust deeds were 411 and 342 during June of 1945 and 1944, respectively.

Noted Composer, Winter Resident Of Village, Dies

John Henry Tuschi-Mair, 65, well known winter resident of Palm Springs, succumbed of a heart attack in Los Angeles last week while talking to an attorney friend in a Los Angeles office building, according to word received here. His wife, Mrs. Josephine Mair, was with him at the time of his death.

Born in Vienna, Mr. Tuschi-Mair was a graduate of the Conservatory of Music there. He came to this country in 1904, and was professor of music at Spartenberg, S. C. In 1908 he came to California and was director of the San Francisco Symphony Orchestra and the San Francisco Opera for four years each. He was also accompanist for M. Schumann-Heink.

Ten years ago the family went to Van Nuys to make their home in the San Fernando valley and soon after came to Palm Springs, spending many winters here. Mr. Mair made many friends here and enjoyed the Village and its people.

His passing will be deeply regretted by his many friends here. Funeral services were held last Friday at a Van Nuys chapel, with Mr. Claude A. Smith in charge. Interment was in Valhalla Memorial Park.

Survivors are Mrs. Josephine Mair, a son, George at Van Nuys, and a step-son, Walter Snyder, in government service at Mare Island.

Stephen Willards Summer In Sierras

Mr. and Mrs. Stephen Willard are now at Mammoth Lakes in Mono county and will be there until the end of September.

While in the Sierra country, Mr. Willard, noted local photographer, is busy capturing most of the beauty spots of that area on film.

funds were increased from earnings for the six months by \$8,100,000.

One Decline Made In Ceiling Prices For Food In Week

Sweet potatoes, 1945 crop, were added to the market basket list of ceiling prices in the "outlying" trading area today, while one downward price change marked the price list for the next seven days. Cantaloupes, eggplant and snap beans declined. Don Simpson, OPA price specialist announced. These ceiling prices are effective Thursday and will remain in force through Wednesday, July 18.

Carrots, bunched minimum net weight, 1 lb., 10c bunch.
Carrots, clipped top loose, 8c lb.
Carrots, topped without tops, 8c lb.
Cucumbers, field grown, 11½c lb.

Eggplant, 17c lb.
Lettuce, Iceberg, large 13 oz. or more, 15c head.
Lettuce, Iceberg, medium over 9 oz. but under 14 oz., 13c head.
Lettuce, Iceberg, small 9 oz. or under, 11c head.
Lettuce, Romaine, 13c lb.
Onions, white dry 1945 crop—new, 3 lbs. 33c.
Onions, red dry 1945 crop, 3 lbs. 33c.

Onions, yellow and brown dry 1945 crop—new, 3 lbs. 30c.
Peas, except China, 19c lb.
Sweet peppers, 22½c lb.

Honeydew melons, 13c lb.
Lemons, 13c lb.
Peaches, 17c lb.
Oranges, valencies and navels, 5 lbs. 52c.
Plums, 19½c lb.
Strawberries, pint basket, 35c basket.
Raspberries, ½ pint basket, 25c basket.
Watermelons, 6½c lb.

Mrs. Esther Goldberg is now at Bar Harbor, Me., to spend the summer months. She says it is delightful there, but will be glad to return to the Village in the fall.

No Damage Results In Indian Ave. Fire

Fire at the residence at 411 North Indian avenue, owned by Ray Hiller and occupied by H. Wallace Wednesday noon did no damage, firemen reported.

Cause of the blaze was not determined. It was subdued by a garden hose before the fire department arrived.

Pendery Family At Lake Arrowhead

Mr. and Mrs. Horace Pendery left Tuesday for Lake Arrowhead for the summer months. With them went their children, Jack and Mary.

They will return to Palm Springs in time for the opening of school.

Police Officers Return From 2-Day Juvenile Clinic

Chief of Police August G. Kettmann and Police Sergeant Orest Johnson returned last week from a two-day session at San Diego at which time juvenile problems were discussed.

Both declared the session, conducted at San Diego State college under auspices of the University of California, were most instructive in dealing with the delinquency problem.

Many state groups, interested in the situation, were represented.

Three Teams Tied For Top Spot In Softball League

Palm Springs Lions club, enjoying an open week last week, maintained the pace on the second half of the softball loop with three wins registered against no losses. Crowding the clubmen, however, was the 5th OTU Officers' team from the local air base, a half game behind.

Torney EMs, winners of the first half of the loop race, were another half game behind the 5th OTU.

Torney Officers climbed into contention by defeating the Mechanics 9-8.

Lions and 5th OTU Officers meet this week in a game which may decide the second half honors.

Torney Golfers Plan Tournament

Golfers from Torney General hospital were getting in their practice licks today preparatory to the All-Hospital tournament on the Thomas O'Donnell course August 6 to 18. The Special Service Athletic branch is in charge.

All hospital patients, military and civilian personnel are eligible to enter. A qualifying round of nine holes before August 4 is necessary to enter and the card must be turned over to Sgt. John Leslie at the special service office by that time.

The field will be divided into two groups, those carding 49 or less and those over that figure.

Air Base Getting Ready For Swim Meet On July 29

Capt. Harry J. Voelker, assistant personnel officer at the 5th OTU army air base here, writing in the post paper this week, announced that surfboard riding and canoeing will be suspended in the Palm Springs area for the duration, but that there will be plenty of other aquatic events on Sunday, July 29, when the air base plans a swimming meet.

"Anything goes," he wrote, "except egg beaters for propellers or jet propulsion."

He also sounded a plea for more tools for golfers.

Explaining that there is no pleasant way for getting physical training credit than golf, he said that clubs are needed.

"Fellow by name of John Montague once toured a course with a baseball bat, shovel and rake. But the soldiers here are not such trick artists."

Air Base Golfers Lose Team Play

Golfers from the local army base bowed to Santa Ana Army Air base mashie wielders by a score of 18½ to 8½ at Santa Ana last week.

Three members of the local squad were absent from the fray. They will be back when a return match, also at Santa Ana, is played next week.

On the local team were Capt. Jack Anderson, Capt. Hickey, Capt. Claude H. Gragg, F/O Paul White, S/Sgt. John Oliver, and Sgt. Elliott Tabor.

For Essential Transportation—Yellow Cabs. Phone 4444.

Lions And Junior All-Stars Stage Torrid Ball Game

The Lions softball team, managed by Harold West, traded moundmen with their Junior Recreation League All-Stars and nosed out the latter 5-4 last Monday night on the Field club grounds.

Speedy Bob Gauff, Lion ace, threw for the All-Stars, while husky Frank Prieto, young junior league hurler, worked for the senior team which is leading the fast Service softball league.

The game went seven innings and wound up in a picnic with cokes and refreshments furnished by Frank Partridge of the Lions club recreation committee. A return game will be played shortly.

LIONS
Whitaker, lf; Gorham, c; Gauff, p; Hilderbrand, 1b; Bigley, 2b; Hernandez, 3b; T. Flynn, ss; Ben Prieto, cf; R. Marquez, ss; J. Flynn, rf.

ALL-STARS
Smith, lf; Crossley, 3b; Doro, c; O. Henkel, 3b; West, 2b; Prieto, ss; W. Henkel, rf; Driskell, 1b; H. Moseley, cf; D. Moseley, ss.

Long Beach Team Defeats 5th OTU In Tight Battle

Revenge was the watchword of the 5th OTU all-star softball team after they bowed to the team from the 6th Ferrying Group from Long Beach on the Field Club lot last week, 5 to 3.

It was the third defeat on 12 games for the 5th OTU team. They will meet the 6th FG team in a return game soon.

The game was an exciting one. The visitors got away to a three-run start in the first round, and held onto their edge all of the way.

In the last half of the final inning, the Village team filled the bases with but one away, but failed to produce the two runs needed to sew it up.

Prieto's Pirates Trim Dodgers To Gain Vengeance

Frank Prieto's Pirates avenged an earlier loss to the Dodgers this week by a smashing 11-0 triumph, which was marked by Ben Prieto's homer into deep center field.

Frank Prieto hurled airtight ball and was aided by excellent support from his mates. Bob Marquez and Jim Bigley threw for the Pirates who missed the services of their ace, Dick Doro.

Line-Up
Pirates (11)
Frank Prieto, p; Dave Linetta, ss; Monte Quiras, 1b; Ben Prieto, lf; Doug Winterton, rf; Bob Jones, cf; Oscar Prieto, 2b; Marcus Marquez, 3b; Angel Alvarado, rf; Bill Hernandez, 3b.

Dodgers (0)
Bob Sandifer, ss; Jim Bigley, p-b; Bob Marquez, p-ss; Joe Garcia, 2b; Les Brown, cf; Jess Marquez, 3b; Roger Clark, rf; Gary Sanders, lf; Lefty Hilderbrand, 1b; Les Whitaker, c; Mike Puentes, c; Jim Puentes, lf.

Swim Meeting At Torney Still Subject Of Talk

Torney General hospital aquatic enthusiasts were still talking about the success of the first all-hospital swimming meet staged July 4. It is planned to make the event an annual affair. Scores of officers, enlisted men, enlisted women and civilians took part in the event.

Outstanding star of the women in the meet was Mary Raferty, Red Cross recreation worker, who scored first in the 25-yard backstroke, 25-yard free-style, and anchored the winning civilian 100-yard free-style relay combination.

Capt. Jim Dabis, who anchored the officer's winning relay team, also won honors as the outstanding men's star.

Bowling Alleys Closed For Summer

For the balance of the summer, or until the middle of September, there'll be no bowling in Palm Springs.

Ad Allegrini closed the Palm Springs Bowling academy last week for the summer months, planning to open again about September 15.

Allegrini, Harry Jameson and Al Williams took off this week for Mexico on a vacation tour.

For Essential Transportation—U-Drive Cars. Phone 4444.

READ THE CLASSIFIED

Gains And Losses From War Discussed By Global Gabbers

Second half of a symposium on "What Have We Gained and Lost From the War?" featured Tuesday night's meeting of the Global Gab group at the Chamber of Commerce. Cpl. Ross Parmentier led the discussion.

Mrs. J. Rumble discussed the effect of the war on the present generation as related to juvenile delinquency problems and schools. A general discussion followed.

Next week Mrs. R. Wilcox of Berkeley, will speak on the juvenile problem as brought on by the war.

Mrs. Bryce And Daughter Leave For New England

Mrs. William Bryce and daughter, Patricia, will leave Palm Springs soon for their home in New England.

Miss Patricia Bryce is entering Smith College in Northampton, Mass., this fall. She is planning to take up international relations and hopes to follow in the footsteps of her internationally famous uncle, Ambassador James Bryce.

The Bryces sold their home here this spring, but plan to build a new home as soon as conditions permit.

Mr. And Mrs. Griffes At Balboa Island

Mr. and Mrs. Eugene V. Griffes of Palm Springs are now at Balboa Island for the balance of the summer months. They spent the fore part of their vacation in Hollywood.

They will return to the Village in the fall.

Village Air Base Chosen As Center Of Safety Course

Because of the excellent record in flying safety established under the direction of Captain Lester G. Browne, the 5th Operational Training Unit, Army Air Base here, was selected as the scene of a flying safety school by the Ferrying Division of the ATC, with Capt. Browne as instructor.

The school opened here last Monday and will consist of three 10-day courses. The first class started July 1 and there will be one in August and September. All flying safety officers stationed at every base in the Ferrying Division are scheduled to attend.

Captain Browne, ever since his entry into the service three years ago, has been associated with flying safety. In the Ferrying Division for more than a year, he is considered the oldest flying safety officer from a standpoint of duty in this type of work in the Air Transport Command.

The first session brought together the FS officers of the 1st, 4th and 6th OTUs, the M-A-T bases at Stockton, California, and Ft. Dix, N. J., and the 3rd, 4th, 5th, 6th, 7th and 20th, Ferrying Groups.

Three-Way Tie Marks Volleyball League

Excitement in the Volleyball league at the 5th OTU air base here tightened this week with three teams tied for the league as results of upsets. One of the features of this week was the surprise win of the Civilian team over the Medics in two straight 15-11 and 15-10.

Squadrons A and C and the O and T team were tied for first place as the week ended.

Mrs. Clema Granger Leaves For Northwest

Mrs. Clema Granger, elected president of the Palm Springs chapter of the National Aeronautic Association at a recent meeting here, is enroute to Seattle, Wash., where she will visit her oldest son, with the Boeing Aircraft Corp., and A. D. MacEchran of Vancouver, B. C.

She is driving north with her son, Norman, who has been instructing the local chapter of the Civil Air Patrol on aerial navigation.

Rainbow Room Is Closed For Repairs

Earl Gray's Rainbow Room in the Royal Palms hotel closed last weekend for extensive alterations and enlargements.

Merritt-Smith, manager, said the reopening date was indefinite but expected that the popular night spot would be open again toward the end of the week.

ACCURATE

JOLO ISLAND, Philippine Islands (Delayed)

—Morro guerrillas believe pin-point targets selected for Marine dive-bombers and fighters should be measured—to the inch.

The Japs on Mount Daho were dug in. They fought the guerrillas, who were supporting elements of the Army's 41st Division, at every rock and coconut tree. The guerrillas called for close air support, reports Sgt. Dave Wilburn, a Marine Corps combat correspondent. Mortar smoke bombs were to mark the target.

In order to gauge the target properly for the mortar battery, a daredevil guerrilla lad, aged 16, crawled more than 350 yards to the Jap lines, measuring the distance with a piece of string.

The oriental fruit moth has become so well established in California in the three years since it was first found here that the state department of agriculture has accepted the pest as a probably permanent problem.

Administration leaders are planning a \$5,000,000,000 Federal public works program to help maintain employment in the immediate postwar years, says Burton F. Miller of the American Road Builders' association.

Christian Science

Lesson Subject 'God'

"The Lord hath prepared his throne in the heavens; and his kingdom ruleth over all." This citation from the Psalms is the Golden Text of the Sunday Lesson. Sermon on "God" in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston.

This line from the Lord's Prayer as given by Matthew is included in the Lesson-Sermon. "Give us this day our daily bread." Jesus says in John's Gospel, "my Father giveth you the true bread from heaven. . . . Then said they unto him, Lord, evermore give us this bread. And Jesus said unto them, I am the bread of life: he that cometh to me shall never hunger; and he that believeth on me shall never thirst."

"Christ is the true idea voicing good, the divine message from God to men speaking to the human consciousness," writes Mary Baker Eddy in "Science and Health with Key to the Scriptures." Again she says, "Whatever inspires with wisdom, Truth, or Love—be it song, sermon, or Science—blesses the human family with crumbs of comfort from Christ's table, feeding the hungry and giving living waters to the thirsty."

Redlands Pastor To Speak Sunday At Village Church

Dr. Clayton C. Root of Redlands, well known pastor and evangelist, will speak at the Community church next Sunday, both morning and evening, Mrs. George B. French, in charge of summer services, said today.

The topic at the 11 a. m. service will be "The Changeless Christ for a Changing World," and in the evening at 7:30 o'clock an illustrated chart sermon on "What Must I Do to be Saved?"

The latter talk will be strictly a Bible sermon, and the answers to the topic will be taken from the New Testament.

Last Sunday Percy Kreason, Los Angeles, spoke at both the morning and evening services. His talks were greatly appreciated by those who heard him.

Mrs. Kreason accompanied her husband here. It was their first visit to Palm Springs—and, as usual, the Village has two more boosters.

Mrs. Florence McRory and baby son are spending a few days at Santa Monica.

"Finagle" . . . that's what we've been trying to do. Just trying to finagle a little chicken scratch for our customers. But there ain't none, on account of the corn shortage, so . . .

The feed mills grind up the grain to make more feed. Now, it's lots of fun to call the flock and let the grain scatter. Just to see the mad race is an old time leisurely sport for the owner of chickens.

But . . . actually, chickens do better on the feed prepared by the mills. Because the mills grind up the grains, then add alfalfa meal, foy bean meal, linseed meal, limestone, fortified whey solids, iodized salt, vitamin A and D oil, plus manganese sulphate.

We don't know what the chickens would do were they able to read the label on the sack. But we do know that they get what they need in a good mash and they will stand the heat better without any grain during the summer.

We have the feed, just come and get it.

Miss Bailard Becomes Bride Of William Otto

Mr. and Mrs. William Otto the latter the former Jacques Bailard of the Village, are honeymooning at Coronado following their marriage July 3 at Oakland. Mrs. Otto is a well known Village winter resident, a graduate of Pomona college. She spent the past three seasons here at the Deep Well Guest ranch.

Torney Romance Culminates In Ceremony Here

At a military wedding ceremony performed July 6 by Chaplain Wm. A. Lutgers at Torney General Hospital, Palm Springs, Calif., Pvt. Alma Underwood, was married to Technical Sergeant Arthur Bailey of Coldwater, Michigan.

Attendees were Pvt. Vera Robertson, maid of honor and Lt. F. W. McLaughlin, best man. Organist for the occasion was Major E. P. Engleman, chief of the hospital's Rheumatic Fever Section.

Romance of the couple began at Torney when T/Sgt. Bailey, upon his return from 39 months duty in the South Pacific, was assigned to a ward where his bride was on duty as a medical technician. For his combat participation T/Sgt. Bailey wears the combat Infantry Badge, the Purple Heart, the American and Asiatic Pacific Theatre Ribbons and the Philippine Liberation ribbon. Prior to entering service he was employed in construction for I. E. DuPont.

The bride who entered the Women's Army Corps 8 months ago, was formerly stationed at Baxter General Hospital, Spokane, Washington.

NEWLYWEDS — Mr. and Mrs. W. E. Ryan, Jr., recently married in San Bernardino. He's a former Villager.

Former Villager, San Bernardino Girl, Married

Word was received here last week of the marriage in San Bernardino of W. E. Ryan, Jr., U. S. Navy, son of Mr. and Mrs. W. E. Ryan of Palm Springs and Banning, and Arta Jones of the Gate City. The rites were solemnized June 12.

Miss Shirley Allen, formerly of Palm Springs, attended the bride, and M. R. Borden of San Bernardino, also a former Villager, was best man. The couple spent the balance of Ryan's leave on a honeymoon which included Palm Springs, Idyllwild and coast points.

Ryan, who was in the South Pacific theater of war for 22 months, is now stationed at San Diego and attending a navy school at San Diego State college.

The bride is the daughter of Mr. and Mrs. James G. Jones of San Bernardino.

The Ryan's home is on South Calle Encilia. He went to high school in Palm Springs from 1938 to 1941.

Wac, Stationed Here, Bride Of Victorville Man

St. Bernardine's church in San Bernardino was the setting for the weekend marriage of Pvt. Rita Sheehan, surgical technician at Torney General Hospital to Technical Sergeant John Roche of the Victorville Army Air Base. The ceremony was performed by Father Ivan Fabris, priest of St. Bernardine's parish. Attendants were Pvt. Eva Reilly and Joseph Sheehan, Navy chief torpedoman, brother of the bride.

The couple who are long time friends, announced their engagement shortly after T/Sgt. Roche went overseas to serve as a top turret gunner with the 8th Air Force.

The bride is the daughter of Mrs. Margaret Veronica Sheehan of Danvers, Mass. Before enlisting in the Women's Army Corps she was employed as a tabulating machine operator by the General Electric company at Lynn, Mass. Her sister, Pvt. Elizabeth Sheehan, WAC, is stationed at Fort Meade, Maryland, and a brother, Pfc. John Sheehan, is with an infantry outfit in Germany.

Sgt. Roche is the son of Mr. and Mrs. Thomas Roche of Peabody, Mass., and before reporting for duty with the AAF, was employed by the A. C. Lawrence company of Peabody. He has one brother serving with the infantry.

Virginia Sawyer Honored At Dinner

Virginia Sawyer of the Bank of America staff was honored guest at a dinner party at The Dunes Wednesday night.

The occasion was her birthday and friends gathered for the event, produced a birthday cake which was brought in to "Happy Birthday" music provided by Bill Provost at the piano.

City Clerk Louise McCarn spent the weekend in Los Angeles.

Further construction of federally-financed housing units for Southern California war workers has been cancelled by the War Production board's area urgency committee.

Behind Your Bonds Lies the Might of America

ORANGES AND GRAPEFRUIT

Florida's great variety of products help to keep the people of this and other nations vigorous. Fifty million boxes of oranges and grapefruit, its best known products, valued at 68 million dollars, come annually from the state's 33,000 groves. More than 500 million dollars is invested in them. This business employs 110,000 men and contributes to the full payment of War Bonds through the resources it adds to the nation.

U. S. Treasury Department

ities and the confusion which is the normal condition in Washington today.

This is written on the 4th of July. We have no more problems now, and no more serious problems, relatively, than we had on the first Fourth. We licked them then; we can lick them now. We will not lick them by swallowing Pollyanna propaganda; only by the determination, in spite of everything, including the OPA and the other agencies, that we shall not have inflation and chaos in America.

HERE NEXT WEEK—Care-free Arturo de Cordova stars with luscious Dorothy Lamour in "A Medal for Benny," with J. Carrol Naish at the Palm Springs theater Sunday and Tuesday.

County Infantile Paralysis Society In Session Today

Executive board of Riverside county chapter for Infantile Paralysis met at 2 p.m. today in the supervisors' room of the courthouse.

Mrs. Charles J. Burket is local chairman for the group.

A nationwide program to form and train a corps of polio emergency volunteers to assist physicians, physical therapists and nurses in area where infantile paralysis epidemics occur has been started by the national foundation.

This is due in part to the fact that an increase of almost 50 per cent in the number of polio cases for the first five months of this year as compared to the same period last year is revealed by Dr. Don W. Gudakunst, medical director of the national foundation.

A total of 740 poliomyelitis cases was reported throughout the country as of May 26 of this year. At the same time last year, there were only 499 cases reported.

Emergency volunteers, organized to fight the malady, state that the initial phases of the program provide for instruction in those areas where qualified teaching personnel, institutional facilities for the care of polio victims and actual infantile paralysis cases exist or are anticipated during the coming year. The new camps will be called "Pevs."

If an outbreak of infantile paralysis occurs in an area where the polio emergency volunteers have not been organized and trained, the national foundation will be prepared to give emergency training assistance through abbreviated courses.

Twenty-eight persons were awarded physical therapy scholarships in the first group to be approved by the committee on applications for the national foundation's \$1,267,000 physical therapy scholarship program, according to Miss Catherine Worthingham, director of the Technical Education for the National Foundation.

Mrs. John Connell is in Los Angeles to spend the balance of the summer with her mother, Mrs. E. A. Newton.

NO DOUBT

The dear old lady kept to her seat determinedly as the slowly moving congregation passed down the aisle to the church door. "If everybody else would only do as I do, and stay quietly in their seats until everyone has left," she said, "there wouldn't be such a crush at the doors."—Answers.

A "tea bag" of yellow dye is the latest life-saving device for flyers forced down at sea. When dipped in the ocean, these chemicals cause a brilliant, contrasting patch of water visible for about 10 miles.

Mess sergeant: "You're not eating your fish. What's the matter with it?"
Corporal G.I.: "Long time no sea."

Souvenirs of Iwo Campaign

Marine Corporal John J. Sydlowski of Plymouth, Pa., wears a Jap cap and works the bolt of his captured Jap rifle, but it's all a matter of indifference to "Iwo" and "Jima," his two buddies. The Leatherneck picked up these souvenirs, including the twin piglets, during fighting on the Iwo Jima battlefield. Also indifferent is Sydlowski's tentmate, whose face is visible at the left. (U. S. Marine Corps Photo)

Pardon Me!

One rainy evening last week a lady we know slipped the doorman of her apartment building a quarter and asked him to find her a cab. He trotted off, around the corner and presently returned on the running board of a cab, into which he handed her. Then, after a brief pause, he slammed the door with unmistakable vindictive violence. This was surprising enough, but a second later, he opened it again and said, "I'm awfully sorry. I forgot you already gave me a tip." The door closed once more, this time with respect and gentleness.—The New Yorker.

The young man was rather shy, and after she had thrown her arms around him and kissed him for bringing her a bouquet of flowers, he jumped up and grabbed his hat.

"Oh, don't go," she said, as he made for the door. "I didn't mean to offend you."

"Oh, I'm not offended," he replied. "I'm going for more flowers."

"Refresh, Milord,
only where I
mark this word..."

'Twas Jeremy's duty to ride a day ahead of Milord Elwynn and plan ease for Milord's journey. Stopping in each town and hamlet, Jeremy would visit each tavern and quaff a goodly sample of all the brews provided by the innkeepers for the comfort of wayfarers.

Once his keen sense of taste told him which tavern served the finest beer, Jeremy would bring a chalk from his purse and above the door mark the word, "Acme!"

Thus, on the following day, Milord Elwynn would know for certain where there awaited for him the very acme of goodness in beer!

Today, wherever you see the word, "Acme," you may be just as certain as good Sir Elwynn of the old legend that there you will find the very peak of goodness in beer!

With the Boys in the Service

Former Guard At Municipal Plunge Now In So. Pacific

From somewhere in the South Pacific war area came a letter to the city hall this week from Pvt. Herbert F. Pilato, who formerly was lifeguard at the municipal swimming pool on the F. W. Cutler estate.

Pvt. Pilato is now in the infantry, the same outfit his brother was in. He used to be in the Air Transport Command.

"I am glad to be in this outfit. It gave my brother a chance to go back to the States for a much-needed rest. He has been out here for two years fighting in this outfit," he wrote.

"I miss Palm Springs and would like to write to my friends there but do not know their addresses. Would you mind putting my address in The Sun so that they can write me?"

"It is: Pvt. Herbert F. Pilato, 22142167, HG 1st Bn, 130 Inf, APO 33 % P.M., San Francisco, Calif."

5th OTU FACTS

Several issues back, this column contained a statement by Captain Duane C. Blair, commander of Squadron "E", to the effect that his command would win the "Bond Selling Derby" on the Base. At that time his remarks were particularly directed at Captain John R. Bender, CO of Squadron "A", whose men were then leading in bond sales. Said Captain Blair: "I have a trick or two up my sleeve in this campaign and when the home stretch looms up, my Squadron will cross the finish line ahead of all of them." It was no idle boast on the part of Captain Blair. His Squadron romped home to the tune of \$25,624 in sales, topping its quota by 278 per cent.

But his squadron which trailed or played an insignificant part in the campaign just closed, could have led the race from almost start to finish, it now appears. It seems he allowed just enough sales to dribble in to keep in the race and then as the home-stretch did loom ahead, and on the very last day, he dumped the \$18,000 in bond sales into the race. The record established by Captain Blair's Squadron indicated a strong interest on the part of every man to put his outfit at the top. Talking about the whirlwind wind-up of the drive, the commanding officer praised the efforts of Warrant Officer Fred Rosener, who, although he has only been a member of this Squadron for about three weeks, worked untiringly for as much participation on the part of personnel possible. Lt. Col. John W. Sponsler, director of Service and Supply, under whom Squadron "E" functions, was delightedly surprised by the showing of Squadron "E". He just returned from Orland, Fla., where he attended a school on Applied Personnel Management for Senior Officers, and was unaware of this unit's victory in the bond drive.

Master Sergeant Joseph L. Bosch and Staff Sergeant Lauren Williams tied for first place among Minute-men in the sale of bonds during the 7th War Loan Drive just closed, it was reported. Suitable reward for their efforts is now being sought.

Six officers of the 5th OTU appeared on CBS radio program called "Meet the Missus," originating in Hollywood and broadcast over the entire Pacific

THE PLAZA CLEANERS

Coast. This program, in which an audience of approximately 1500 to 2000 spectators participate, heard from the lips of these soldiers the part their organization is contributing in the war against Japan. In order to bring home forcibly a continuing awareness of the war to both radio listeners and the audience, Lt. James A. Myl, public relations officer's suggestion that the question of the day, used on this program, be the distance from the City Hall in Los Angeles to the City Hall in Tokyo, was accepted by the producer Howard Blake and used during the performance. The officers present were Captain John R. Bender, Captain Herbert Rock, Captain Donald S. Macrae, Captain Vernon P. Cullerby and First Lieutenant Luther W. Feagin.

Captain Donald L. Ferris is the new Base Surgeon succeeding Major Paul V. Davis, assigned to the new Charleston, South Carolina base of the Air Transport Command. Captain Ferris, who hails from Greenwich, Conn., spent more than a year as Squadron Surgeon of the 8th Fighter Command of the 8th AAF in England. On his return from overseas, he attended and graduated flight surgeon's school at Randolph Field, Texas. He is married to Dr. Ruth A. Ferris, a practicing physician. In civilian life the Captain specialized in internal medicine.

Air Base Surpasses Goal In War Loan Drive 70 Per Cent

Stepping beyond all expectations in estimated bond sales in the 7th War Loan Drive, personnel of the 5th Operational Training Unit, Ferrying Division of the ATC, Army Air Base here, shattered all previous records in tallying sales which totalled \$85,624.61.

According to Lt. M. J. Malpezzi, personal affairs officer in charge of sales, his records indicated that the quota established for the base prior to the opening of the campaign was exceeded by 70 per cent.

RIVALRY IS INTENSE

Intense rivalry between Squadrons of the 5th OTU, with the lead swinging back and forth, marked the trend of the campaign. Minute-men were selected in each Squadron and each salesman was given 15 prospective purchasers to canvass. However, Squadron "E", the dark-horse in the race, trailing fourth or fifth in the race throughout the campaign, had no minute-men and won first place just the same.

This Squadron attained 378 per cent of its quota by selling \$25,364 worth of bonds. Squadron "B" landed in second place with 224 per cent of its quota, and sales of \$17,144. Squadron "A", in third place, reached 235 per cent of allotted sales and a total of \$13,669 worth of bonds.

FINISH IN RUSH

During the last month of the campaign, it looked like a tug-of-war between Squadrons "A" and "B". However, on Saturday, the last day of the drive, "E" Squadron dumped \$18,000 in sales on Lt. Malpezzi's desk, completely eclipsing all Squadron efforts on the base.

Civilian war workers at the base, whose ranks have fluctuated in departures due to exodus of employees during the summer months, topped its quota by 103 per cent, accounting for sales of \$16,605 in bonds. First Lt. Alvin W. Norcross, officer in charge of civilian personnel, has a month-to-month quota which is charged with the sale of 10 per cent in bonds of the total civilian payroll. Last month's report of salary deductions for bond purchases totaled a fraction short of the 10 per cent goal.

PVT. PETE HERRERA

Tank Battles In Europe Described By Pete Herrera

Mr. and Mrs. Pete Herrera received a letter last week from their son, John Herrera, now at Camp Hood, Texas, sent him by his brother, Pfc. Pete Herrera, Jr., well-known Village youth, with a tank destroyer division in the recent fighting in Germany.

In the letter, Pete Herrera described some of the activity in the European war and gave his brother some excellent advice on army training.

John Herrera writes that the weather where he is now is almost like that of Palm Springs.

Villager Among Evacuees Flown Back To Nation

Cpl. Donald L. Keeney, 35, of the army air corps with 30 months in Italy and six battle stars, also sharing the Distinguished Unit Citation, was among the first of 50,000 returnees the Air Transport Command is flying back to the nation each month.

He landed in Miami, Fla., on an ATC evacuee plane and from there, with his fellow Californians, went by rail to Camp Blanding, Fla.

At the latter base, the Californians were sent to bases nearer their homes for separation or furloughs prior to assignment.

Chest Fund Helps Holland Homeless Return To Normal

Several thousand American made kerosene stoves which saw service in relieving the distress of British war victims in England are now doing a similar duty in behalf of Dutch sufferers in Holland, says a report to Wm. B. Colburn, head of the local War Chest from the National War Fund.

Originally contributed by the British War Relief Society, the stoves were used for both heating and cooking in British homes and institutions during the blitz and robot bombing. Now that the need in Britain has passed, it was learned that the stoves could fill a like function in Holland, and the gifts of Americans are again on the job, said the report of American Relief for Holland to which organization the stoves have been transferred.

Each of the stoves, incidentally is an "ambassador of good-will" being plainly marked "Made in U.S.A." the report stated.

Work of American Relief for Holland is supported by the National War Fund through contributions to community war funds such as the Palm Springs Community Chest, Inc., Chairman Colburn said.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By Sgt. Vic Blanks

USO SHOW

USO Camp Shows new production "Have Fun" is coming to Torney's Red Cross auditorium next Tuesday night, July 17.

The show features Phil Wayne, a ventriloquist who has traveled with Major Bowes' units all over the country; Don Renato, "musical guitar virtuoso," from Xavier Cugat's orchestra; Deane Janis, once vocalist for Hal Kemp's band; Bobby Henshaw, who taught the Prince of Wales how to play the ukulele; Julia Paratore, famous one-armed pianist, and Rosalind Gordon, an attractive young woman who is tops in taps.

HOLLYWOOD VARIETIES

The show which was presented today at 1 o'clock in the Red Cross auditorium has considerable interest for Torney, aside from the excellent entertainment furnished.

"Chasing Rainbows," the title of the show, is a part of a huge entertainment, originally casting 150 professional show-children, under the direction of Bud Murray, was sponsored by the Quota Club of Los Angeles.

"Chasing Rainbows" was originally presented at Hollywood high school and the proceeds of the show are to be used to defray expenses incurred by the Quota Club on Ward D-11 of TGH, which ward the Quota Club has adopted.

According to Lt. A. W. Reed, special services chief, Torney gave official authorization for the presentation of the benefit show to Miss Mona Frolich, of Arcadia, California, in charge of the play, and to Miss Bernice H. Stoakes, of Los Angeles, secretary of the Torney project.

TRAINING FILM LIBRARY

Patients and personnel of Torney General hospital see a lot of flickers, according to Mr. Ellis Rhode, training film library coordinator. Total showings of 16 mm. movies numbered 210 for the month of June, more than double the number of showings for May, incidentally.

Total attendance for the month of June was 10,783 persons, who saw training films, combat bulletins, GI Movie Weekly, educational films, film bulletins, entertainment and sports shorts, job information films, and YMCA and Encyclopedia Britannica educational movies.

Mr. Rhode promised that Torney would soon have considerable new 16 mm. projection equipment and more and better 16 mm. movies. The training branch will also have preview facilities for department heads who would like to select movies for showing to their personnel. It is expected that attendance figures for 16 mm. film will continue to show an increase in the months ahead.

Flood Control Measure Signed

Riverside county's flood control and water conservation bill was signed Monday by Gov. Earl Warren and will become a law on Sept. 15.

The measure divides the county into flood protection zones and designates the board of supervisors as ex-officio directors. The bill was introduced by Assemblyman Philip L. Boyd.

One hundred and eighty-seven pounds of salt are contained in every ton of water of the Dead Sea.

Son Of Villager Back From Pacific With Promotion

It is now Lt. (j.g.) Robert L. Williams.

The son of Mrs. Ada Williams of the Village, Lt. Williams arrived home last week on 30-day leave after 18 months of duty with the amphibious forces in the Pacific area. He was at Saipan and Guam on the U.S.S. Lindenwald, an LSD6, and saw much of the Pacific activity.

Lt. Williams attended George town U. in Washington, D. C., and then went to midshipman's school at Notre Dame. After being commissioned an ensign at the South Bend, Ind., institution, he went overseas.

Besides Saipan and Guam, he was also at Tinian.

For the past few weeks, just before getting his furlough, he was at Pearl Harbor.

Lt. Williams will report at Great Lake station, Illinois, August 5 for reassignment.

Ancient Greek has been claimed by philologists to be the most perfect language that ever existed in the world.

(June 29, July 6-13-20)

NOTES FROM
IDYLLWILD

(Now Upper Palm Springs)

BY MOYA HENDERSON

The old hill is getting pretty crowded. Pine trees are doing extra duty. Members of the Los Compadres, who came up for the rodeo and barbecue over the Fourth, picked out their trees and piled their sleeping bags under them for the night. Many thanks to that swell crowd that came up here and gave us a big helping hand with all our events. Ernie Andre sure rode that steer for the big money.

Jimmie Rogers and Jane Neel outsmart the rest of the bunch by riding their ponies twice as fast back to the barn and grabbing off the most available partners for the square dance. Frances Watkins is getting a most enviable mountain tan, and Babs Neel is adding to hers, if such could be possible.

Sure good to see Helen Louise Williams smiling face back in the post office window and to see that brother Don is recuperating fast from his recent operation. Mike Flavin and family have taken Dudley Bigelow's cabin for the summer and add considerably to our Palm Springs colony. Mr. and Mrs. Ben Darnell have taken off for the big city, and Trav Rogers and family will call their cabin home for the summer. Glad the Lauritz Hansens are here to stay now. They're an ever popular couple at the bridge table. Lykken Lodge has been a little on the bulging side with relatives up for an annual visit and bridge-playing spree. Commuters Harry Williams and Charlie Henderson have pooled cars, making it possible to get up with their families and cool off. Solves the gas problem fine. Other Villagers seen about, drinking in the mountain atmosphere this weekend—Maudie and Guy Pinney, guests of the Clarence Hydes, Josephine Sprague up with Juanita and Merrill Crockett, Florence and Don Lockett dashing around saying hello, and Judge and Mrs. Downs up from Long Beach. Also 'teen-agers by the batch. Can't quite keep up with this social whirl with teas, luncheons, rides and bridge playing, we'll all be ready to get back to old P. S. come fall to rest up ??? for a while.

FAMILIAR YARN

The late President Roosevelt was credited with the story of a young ensign whose knowledge of navigation left much to be desired. His ship was on a cruise, and the young officer was assigned the duty of "shooting the sun" to determine its location. His captain received the calculations and promptly sent for the ensign. "Young man," he said, "remove your cap. We are now upon a hallowed spot." The bewildered young ensign removed his cap. "Yes, sir," continued the captain, "if your calculations are correct we are now right smack in the middle of Westminster Abbey."

DESERT
HOT SPRINGS

A concrete example of what cooperation can do to a small community is shown by the opening last month of the Desert Hot Springs library.

Lumber for shelves was secured by Mike Swan and Burt Harwick from John Haidet, and smooth boards were obtained from Carter's place. Two carpenters, W. R. Vernon and Stone Wright, volunteered their services.

Mr. and Mrs. Harwick donated the stain and he sand-papered the shelves and stained them. Mrs. C. B. Dodds donated the newspapers to put under the shelves. J. Brown donated a bit of gasoline to remove the splatters. Ed Couse of Laguna Beach carried the shelves during the staining process.

And then to make a well-done job complete, Miss Jean Urquhart, acting head of the field department of the Riverside County Free library, presented 200 new books to the library.

Mrs. J. Marie Ropp offered a portion of her "Little Gallery of the Desert" for the use of the library.

Residents, including Mrs. A. L. Bugbee, Mrs. Heber Mosher, the Homer Stuarts, M. M. Brown and Mrs. Olive M. Duncan, came forward with books and magazines for the reading room.

Miss Doris Rowlands was appointed librarian.

Desert Hot Springs Free library will be open on Mondays, Thursdays and Saturdays from 1:30 to 4 p.m. More books are needed, it is said, and contributions will be appreciated.

Educational Opportunities Offered GIs At Air Base By Lt. A. T. Hawn, Head Of School Systems For 17 Years

By WILLIAM RASHALL

There is a genial round-faced, baldheaded soldier, in the grade of a first lieutenant, who looks at you with the familiarity of one who has known you all your life. His eyes sparkle with a frankly blue appraising but kindly light, and he could easily don the professional robes of a dean of men at any university or college. He is not a hero nor has he been decorated for valorous deeds, but that old adage of the pen being mightier than the sword can rightfully be applied to the efforts of this scholarly officer.

He is First Lieutenant Ashley T. Hawn, of Maryville, Tennessee, education and information officer of the 5th Operational Training Unit, Flying Division of the ATC, Army Air Base, Palm Springs. And although he cannot look out of his office window and see the rolling green-swarded campus of the Tennessee University where he earned his Masters Degree, he has created something of a campus atmosphere on this heat-scorched cactus-covered base where men are still fighting a war.

GI STUDENT BODY

Missing from this scene, of course, are the gaily clad co-eds and the men in corduroy slacks and skull caps, nor do his students go down to Ike's for a

chocolate malt between lectures. To watch and talk to the "professor" Lieutenant is something out of this world. To say the least, he is "wrapped up" in his duties, based on a profession which he followed for 17 years prior to his entry into the army—education.

His student body consists of grim-faced soldiers with a membership in that particular fraternity who know at first hand what it means to give up their personal ambitions, their dreams, their friends and loved ones, to undertake a job which is only half done. They are not interested in the frills, and icing and that touch of finesse one gets in the carefully slow journey through four years of high school and college.

Nor does a study of the subjects Lt. Hawn's students are interested in indicate that they want to spend any time on any subject that will not help them in the economic struggle once they are civilians again.

Under his guidance and the full support of Colonel Robert J. Goewey, commanding officer, for his program of education, many a GI, officer and Wac will owe him a great deal in the years to come. His calm and sagacious advice based on his years of experience as an educator in his home state of Tennessee is given with a deep feeling of sincerity. He sells education to the soldier with the same fervor that a Billy Sunday would sell religion today.

CHANCE TO LEARN

Educational benefits for soldiers while still in the service have been in existence for some time. Under the United States Armed Forces Institute, a soldier can enroll for any number of correspondence courses for the sum of two dollars. In addition he can apply for enrollment with any approved college or university for specialized courses and Uncle Sam will pay half the tuition fee.

However, for some reason or the other, there has only been sporadic flurries of interest on the part of soldiers here, from time to time. But since the assignment of Lt. Hawn, the USAFI plan and all that it offers has taken on a revitalized meaning. Proof of this is in the avalanche of soldiers who have flocked to his office seeking advice.

As a gauge to the effectiveness of Lt. Hawn's "personal touch" and the individualization of each man's problem at a nearby base with four times the personnel stationed there, only 100 enrollments have been signed in more than a year. In less than sixty days, dating with the arrival of the "professor" officer, 90 students have sought his advice and enrolled for courses of study with either private colleges or with USAFI. Every day sees more and more of these soldiers applying for courses of study.

TO FIT NEED

Lt. Hawn will tell you that it took more than an average interest on the part of the commanding officer to make his plan work and succeed. When a soldier comes seeking education, high school or college credits, or what course of study to follow in order to conduct a small business, he finds a willing listener. The USAFI booklet is not handed the man and then told to make his own selection.

Instead, Lt. Hawn will interview the applicant, obtaining all background information possible, and he is then told to come back tomorrow for another interview. During this time, Lt. Hawn will examine the man's personal record as shown on the soldier's form 20A card filled out by the prospective student on entering the army. In this fashion he is enabled to advise the soldier correctly.

He started his campaign at the 5th OTU by obtaining permission to hold an orientation lecture, at which the main theme was education. Later he followed up this lecture by personal interviews. He was asking for work, and plenty of it. The result was a surprise to almost everybody who watched the plan unfold. Application for enrollment in correspondence courses dealing with how to become a successful undertaker to hydroponics (the growth of plant life in water) to social legislation for one soldier who was with the labor department in civilian life, and wanted to keep abreast of new ideas.

THEY HAVE HEARD

It's a simple formula for success for an educator to follow perhaps, but one would have to have the personality of Lt. Hawn and his experience to make others interested, even in their own future. Further, for those who need some extra "boning" for an examination, like a problem in algebra or English—"well, I'm here to help you," he tells the student soldier, and will invariably add, "you heah?"

And these soldiers have heard,

Building Activity In Village Quiet During Past Week

Three building permits valued at \$1550 marked the past week at the office of the city building department bringing the July total to \$7,850 represented in six permits.

Total for 1945 to date stood at \$387,850 with 170 permits issued as of yesterday noon.

Permits issued during the past week were:

A. W. Strubhur, 346 East Amado, addition, \$500.

M. M. Anderson, 840 North Indian avenue, addition and alterations, \$250.

C. Beck, 311 Calle Rocco, addition, \$800.

Village Sandwich Shop Closes For Summer

The Village Sandwich shop closed yesterday for alterations and redecoration.

George Dennis, proprietor, said the popular eating spot would be open again for the start of the new season in September.

A. E. Hoovers Extend Bid To Villagers

Villagers in Laguna Beach have been given an invitation by Mr. and Mrs. A. E. Hoover to call upon them. The Hoovers have taken a house at the beach city for the summer. Their address is 1963 Catalina street.

SON BORN TO SGT. AND MRS. DOTSON

A son was born to Sgt. and Mrs. K. H. Dotson at 5:08 yesterday morning at Torney hospital. The little fellow weighed 8 lbs. 10 oz. and has been named Kenneth Elwin. He has an older brother, David William, nearly two years old. Sgt. Dotson is stationed at Torney in the supply department.

Trick Questions

Out in Omaha, Neb., the Farm Credit Bureau included in its highly scientific intelligence tests for candidates a couple of trick questions to which they fondly believed there were no answers, and to which they expected none. Imagine their embarrassment one day when a bright young college student proceeded to answer them.

"How long," ran the first question, "is a piece of string?"

To which the applicant replied: "A piece of string is twice as long as the distance between its center and either end."

"How far," pleaded the second query, "can a dog run into the woods?"

"A dog can run only half way into the woods," said the bright boy from college. "After that, he's running out of the woods."

When the next questionnaire was handed out, the two trick questions were strangely missing.—Wall Street Journal.

Nampa, Idaho. — A German prisoner of war, thinning sugar beets on a farm here, told his employer:

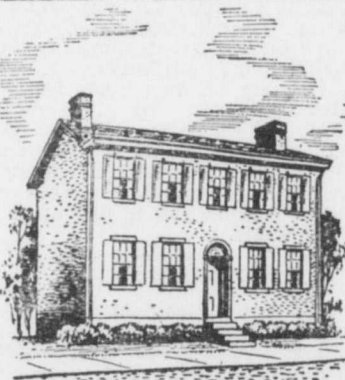

"Hitler told us we would march across North America—but he didn't say we would do it on our hands and knees."

and are continuing to hear. There is a teletype machine in his office only recently installed, but now it is planned to move it to another part of the building to provide more room for his activities. Previously other items have been moved. His letter writing for soldiers seeking information is prodigious. A full time secretary has been assigned.

With him almost from the beginning of his assignment to the 5th OTU, is Sergeant Hubert K. Headley, formerly associate professor of music at Santa Barbara State College. He too fits snugly into the working plan of Lt. Hawn; and he likes the work too.

Behind Your Bonds

Lies the Might of America

PICKLES

Industrially great as is Pittsburgh, it demands recognition, too, as the home of one of the nation's greatest food processors. Heinz pickles and other vegetable products in glass and metal containers are sold throughout the world. From a small brick building, this business has grown to require 26 major plants and 150 branches. The small sums housewives pay for its items everywhere contribute to national prosperity and help assure War Bond payments.

Portrait of the Week

By BERNARD
of Hollywood

Clara Lou Blanks, typist at Torney General . . . a Villager for the past year . . . born in Manhattan, Kansas, and also a resident of Denver for a while . . . her husband is Sgt. Victor Blanks, also stationed at Torney . . . she was fashion and society editor of her home town paper . . . while in college—Kansas State—appeared as vocalist with several bands and has also appeared before the radio mike many times . . . Sgt. Blanks is a radio announcer and when this war is over, they plan to return to the radio field . . . Swimming, dancing and singing are her hobbies . . . As for music, she likes the popular kind.

Cathedral City

By W. R. HILLERY

To all those who were privileged to know Peter R. Ritchie, it was a profound shock to learn of his death in his Bell home Sunday morning, July 8.

Mr. and Mrs. Ritchie had just returned from Seattle and other Northwest points where they had visited his daughter, Mrs. Campbell, and he was apparently in good health and spirits to the moment of his death by heart failure.

Besides Mrs. Ritchie, he is survived by a daughter, Mary, Mrs. James K. Wolseth of Cathedral City, with whom the Ritchies had made their home the past couple of winter seasons.

The funeral took place from the Paul F. Meyer mortuary in Bell on Thursday. Many floral pieces attested the affection of his many local friends, likewise the Chamber of Commerce joined in this form of tribute.

Just when the writer first heard of P. R. Ritchie I do not know, but about the turn of the century Mrs. Ritchie's brother, George G. Allen, one of the founders of Cathedral City became my brother-in-law in the Yukon Territory. Shortly after, one of my first trips into the Klondike I attended the first agricultural affair of that Canadian area and met the managing director, P. R. Ritchie with Mrs. Ritchie.

Born in or near Edinburg, Scotland, Mr. Ritchie enjoyed a long life (77 years) in travel and adventure. Our community sympathy is extended to all who survive him.

The debate has been going on now for several years now as to whether Cathedral City wanted any paved cross streets. A number of property owners want something of the primitive to remain and a good dirt road satisfies them. My personal argument against being in a hurry about

cross paving was the effect it might have on the action of flash flood waters and the speeding up of traffic which with the narrow streets and lanes produce a real danger. This was verified when the cars of H. E. Colglazier and of E. E. Page were in collision at the corner of C and Verbena Lane. Fortunately the damage to the cars was not unusually bad and no personal injuries resulted. That is what I have been told.

We were delighted this week in having as our guests Lt. Col. and Mrs. Charles J. Perry of the 86th Inf. Division, the Black-hawks that returned from Germany and Austria last month, and they will shortly continue on to the Orient. Col. Perry will shortly report to Camp Beal and from there will entrain for Oklahoma where the division will assemble. Mrs. Perry expects to come to the desert in the early fall to make her home.

Col. Perry's observations during his experiences are very entertaining. I was particularly struck with one comment. As between occupation service in Germany and combat in the Orient, he says, the Orient. But as between occupation in the Orient and occupation in Germany, then his choice is Germany.

Claude Cobb is to be the vehicle this week for another farmer's picnic at the Cackle and Squirt Ranch of the Slim Larri-sons.

Carl Higgins wants the public to know that he expects to be in his Date Shop from noon through each afternoon and that he will appreciate having those who owe for their pick-up to stop and pay him. We have just weathered another crisis that involved a dumping ground but the problem is just put off and must be solved in a reasonable time. Our present service may not be the

Legion Will Hold Outdoor Meeting Tuesday Evening

Owen B. Coffman Post, No. 519 American Legion, will meet in an open-air session next Tuesday night at Walter Illick's Rancho Trailer park. An invitation has been extended the auxiliary of the post to attend.

No set program is planned, according to Harold Lienau, post commander.

Legionnaires and auxiliary members are asked to bring their own box lunches.

Frank Partridge On Vacation At Beach

Frank Partridge, local photographer, was in Long Beach the fore part of the week visiting Mrs. Partridge, who is spending the summer there.

Wednesday night Mr. and Mrs. Partridge attended the opening of the Symphony Under the Stars season at the Hollywood Bowl.

Gag

A psychiatrist was examining a selectee.

Psychiatrist: "What's your occupation?"

Selectee: "I'm a gag writer for radio."

Psychiatrist: "Let's see you invent a gag."

Selectee (rising slowly, goes to the door and looks down at the long line of other selectees): "O. K., you guys can go home now, the job's taken."

best but just think what it would be like here without it. Better pay Carl.

WAR BONDS in Action

Japs' spite work. War Bonds help pay for substitute for Quezon bridge, Manila, for military movements following demolition by the enemy in historic retreat.
